Ecopliant CISEC Examination Information

Select Examination and Proctoring Information:

The screenshot shows the Ecopliant CISEC website header with the tagline "The First Choice of Environmental Professionals". The navigation bar includes links for Home, About, CISEC, DesignPlus, Institute, News, FAQ, My account, and Contact. The main content area is titled "Exam Information" and is divided into three columns: United States, Canada, and Malaysia. Each column lists several links: Training and Exam Schedule, Qualifications, Examination and Proctoring Information, Retakes, Manual Downloads, and Sample Exam Questions. In the Canada column, the link "Examination and Proctoring Information" is circled in red.

Information on the online examinations can be found on this page.

CAN-CISEC Training Modules

CISEC Canada Online Training: All Four Modules Package

Consent & Components:

This online course will help you prepare for the 8-hour nationwide CISEC certification exam. It is meant only to be a guide and CISEC, Inc. does not make any claim that it represents everything covered in the examination which questions are that can only be answered by gaining field experience.

If you are interested in purchasing training modules individually vs. the entire package - please click here to access individual training modules.

CAN-CISEC Exam Options

Canada: Certified Inspector of Sediment and Erosion Control (CISEC) Full Exam (Level 3)

Consent & Components:

This examination is for those who wish to gain the Canadian CISEC Certification and become full CAN-CISEC registrants. Once you have purchased the examination, please go to the Contents Tab and start filling out the required documentation; you will not be approved to take the examination until your application and references are reviewed and approved.

Canada: Certified Inspector of Sediment and Erosion Control (CISEC) In-Training (Level 1)

Consent & Components:

This examination is for those who do not have the minimum two (2) years work experience in sediment and erosion control and/or storm water pollution prevention or other related fields.

Canada: Certified Inspector of Sediment and Erosion Control (CISEC) In-Training (Level 2)

Consent & Components:

This examination is for those who took the CAN-CISEC IT Level 1 and passed, as well as having remained in good standing with CISEC, Inc. By taking and passing the IT Level 2 with a score of 75% or better, they will become a full CAN-CISEC registrant. Once you have purchased the examination, please go to the Contents Tab and start filling out the required documentation; you will not be approved to take the examination until your application and references are reviewed and approved.

Canada: Certified Inspector of Sediment and Erosion Control (CISEC) Re-Activation

Consent & Components:

This examination is for those who are a past CAN-CISEC registrant and has been inactive between four (4) to six (6) years. To take this examination, you must gain approval from the Renewals Department.

Payment in Canadian Dollars

To pay for CISEC training or the Exam in Canadian Dollars, please contact Simon Givus - 800.468.1240 or email at: Simon@ciec.org to request a call. Calls for payment will be returned between 9AM and 5PM Mountain Time, Monday to Friday, except holidays. We can not accept payment information via email.

You can pay online anytime and in US dollars for automatic registration.

Questions about CISEC?

If you have questions about the CISEC modules or exam, please contact CISEC directly at examinations@ciecinc.org.

Ecopliant CISEC Examination Information

Upon purchase of the examination (see information below on qualifications), you will have access to the registration form (IT, Level 1) or the application and reference form (Full, Level 3 or IT, Level 2).

Full, Level 3 Examination:

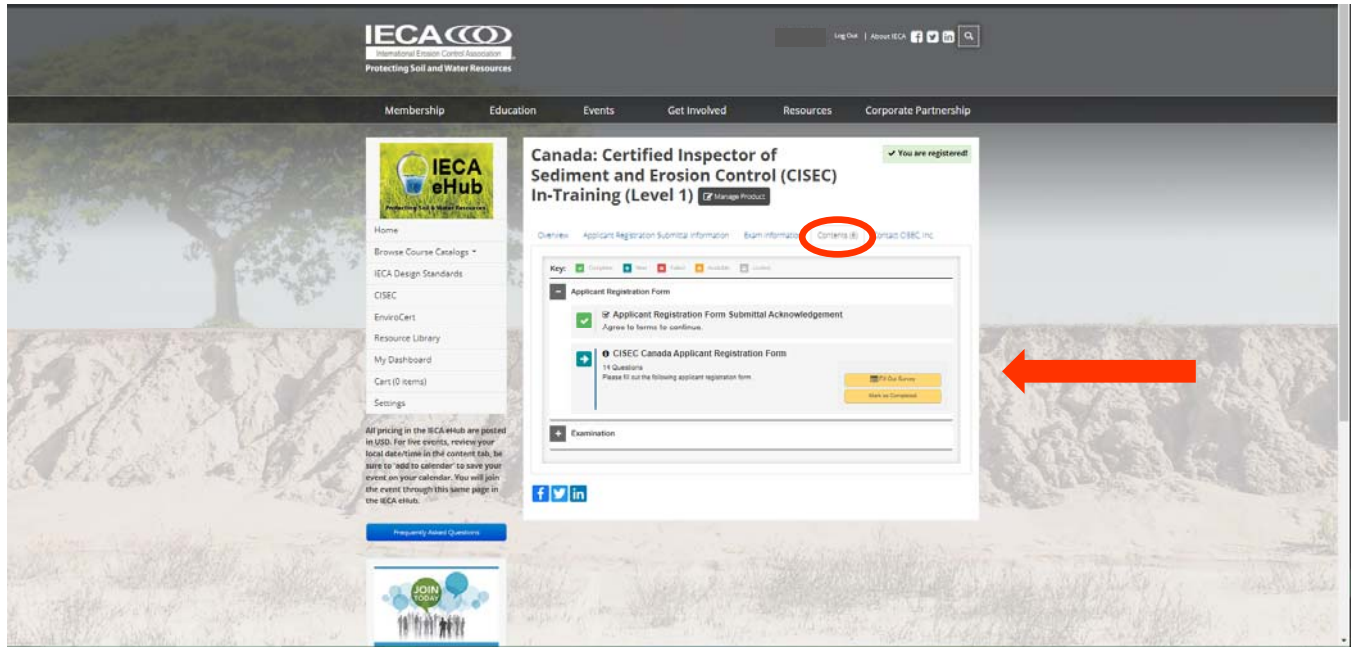

- Requires a minimum of two years of work experience in sediment and erosion control and/or stormwater pollution prevention field experience. If you are not sure if the experience you have would apply, please contact us at examination@ecopliant.org.
- Prior classes, training, and/or other education in sediment and erosion control and/or environmental related topics
- Three references attesting to qualifications and experience (a form can be downloaded from the IECA eHub for references to fill out).
- The above information can be filled out and submitted online through the IECA eHub (after purchase of the examination). The reference form is found on the Application Information Tab. The online application and place to submit the references is found on the Contents Tab.

Ecopliant CISEC Examination Information

IT, Level 1:

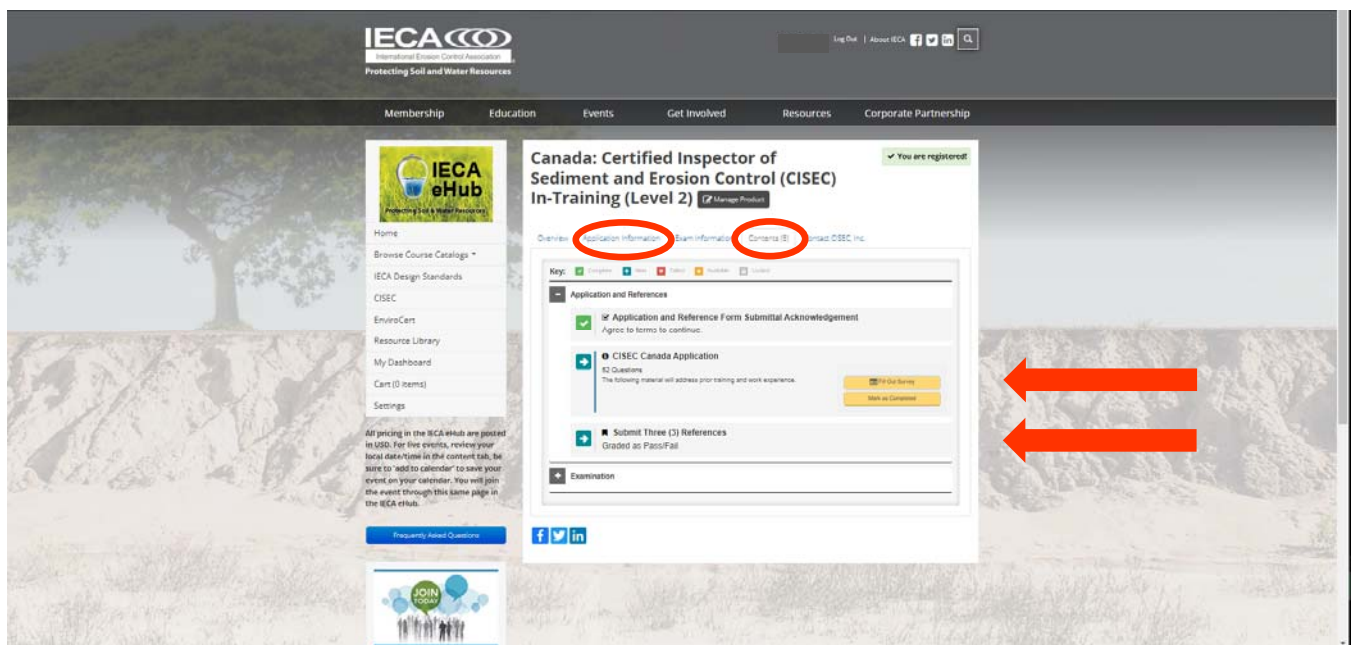

- For those who DO NOT have the minimum two years of work experience in sediment and erosion control and/or stormwater pollution prevention field experience.
- Requires filling out a registration form online at the IECA eHub, which is found on the Contents Tab.
- Upon gaining the two years of experience, a CAN-CISEC-IT will be eligible to take the IT, Level 2 examination and if passes will gain Full Registrant status.

Ecopliant CISEC Examination Information

IT, Level 2:

- Is ONLY for those that are current CAN-CISEC-ITs (took and passed the IT, Level 1 and has maintained a current status with CISEC, Inc. through yearly renewals). IT Registrants should verify with the Renewals Department that they are approved to sit for the Level 2 examination).
- Requires a minimum of two years of work experience in sediment and erosion control and/or stormwater pollution prevention field experience. If you are not sure if the experience you have would apply, please contact us at examination@ecopliant.org.
- Prior classes, training, and/or other education in sediment and erosion control and/or environmental related topics
- Three references attesting to qualifications and experience (a form can be downloaded from the IECA eHub for references to fill out).
- The reference form is found on the Application Information Tab. The online application and place to submit the references is found on the Contents Tab.
- If the IT, Level 2 examination is passed, will become a Full Registrant.

After the Examination is purchased:

Once you have purchased the examination through the IECA eHub, Ecopliant Environmental, Inc. will review your information (application, references, registration form) and will send you an email with information for on how to schedule your online proctoring session with ProctorU (separate fee applies and is payable directly to ProctorU at time of scheduling).

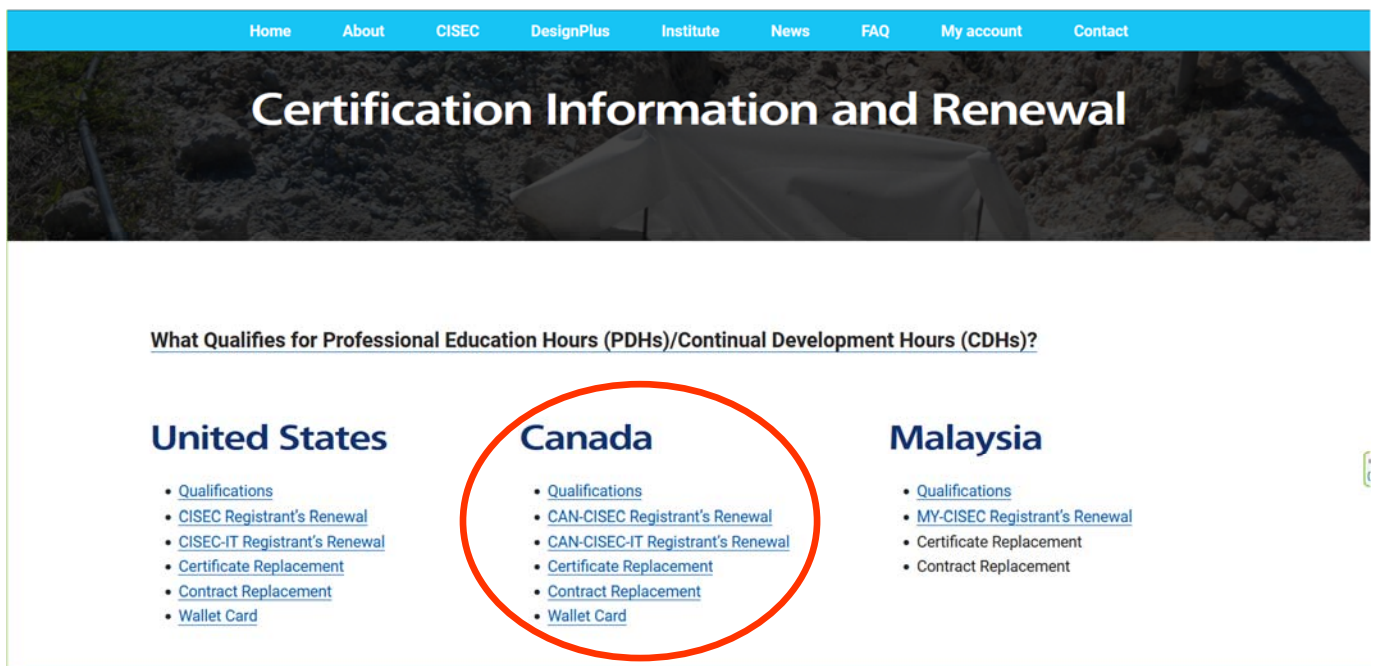

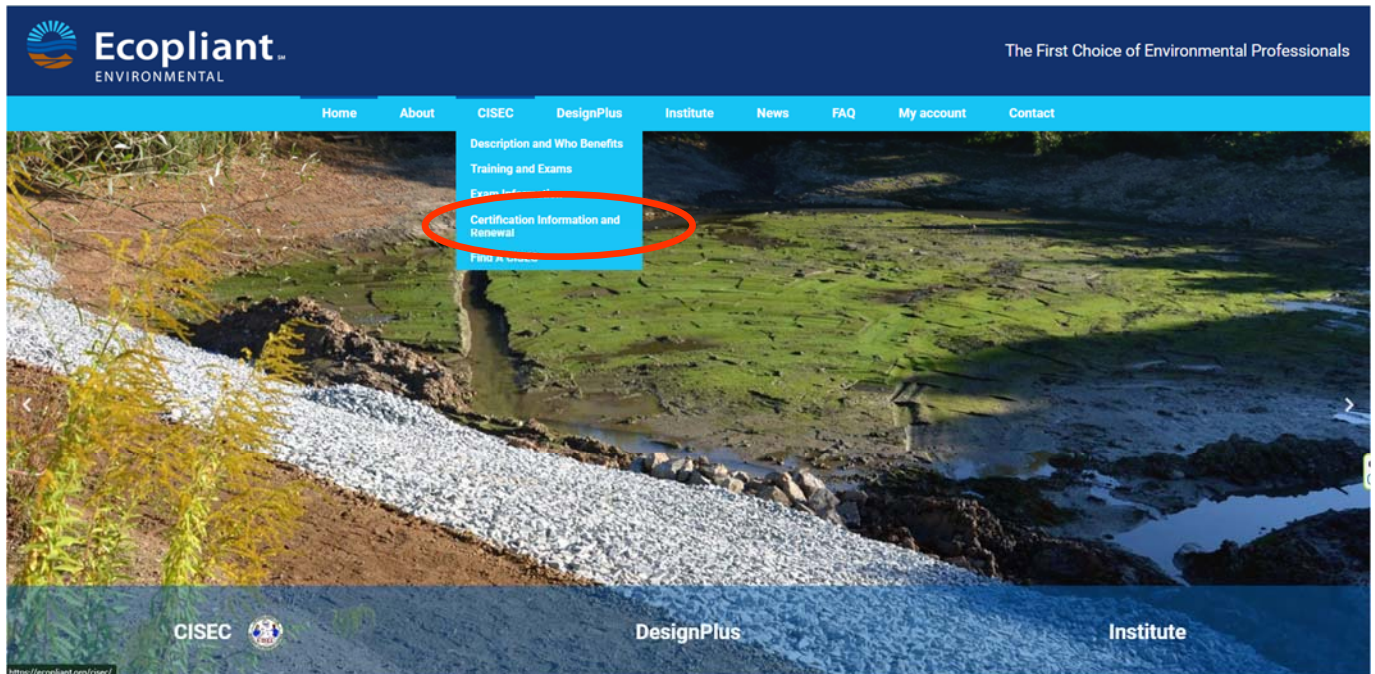

Scheduling with ProctorU is setup to meet your needs and is available 24/7. Please make sure to use the link sent in the email to access scheduling of the examination. Our examinations are hidden as they require approval from to schedule.

Once you have taken the examination, we ask for up to 30 days to grade your examination (Full, Level 3 Examination and IT, Level 2 only). For IT, Level 1, we ask for up to 72 hours to process your results. We will send you an email with your results.

Ecopliant CISEC Examination Information

If you pass, you will be sent a DocuSign Contract via email for review and electronic signing. This document has information regarding your yearly renewal fees and requirements. Upon Ecopliant Environmental, Inc. receiving the signed DocuSign back, you will be sent via email your registrant number and an electronic wallet card. We will follow up via mail with your Wall Certificate and Logo sticker.

Please note, all registrants are required to renew on a yearly basis [starting one year from the date of your contract (found in the DocuSign documents)]. Please visit our renewal pages for more information or contact the Renewals Department (cdh_renewals@ecopliant.org).

Any examination questions, please contact us at examination@ecopliant.org or 720-235-2783, ext. 4.
